

Dry ice blasting machine Champ Turbo

The ultimate handy dry ice cleaning solution – now with the extra punch

Now also with abrasive additive

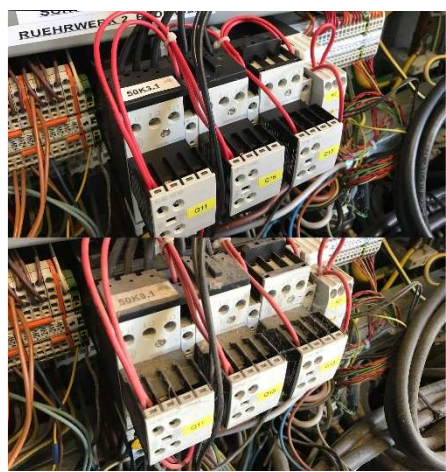

- ✓ Gentle cleaning – without water and chemicals
- ✓ Easy plug & play solution: powered by compressed air only
- ✓ Clean quickly at low operating costs
- ✓ Maintenance free – Quality „Made in Germany“

✓ Clean
✓ Cool
✓ Clever

Technical data

Operating power	No electricity needed, system powered by compressed air only
Blasting material	Dry ice mini pellets (up to 2 mm), Dry Ice Energy abrasive blasting additive
Dimensions (LxWxH)	530 x 370 x 470 mm
Net weight	17 kg
Hopper capacity	4.1 kg
Dry ice consumption	7 - 27 kg/h (depending on dispenser model and blasting pressure)
Operating pressure	1 - 10 bar (continuous operation)
Compr. air consumption	500 - 1,600 l/min (depending on blasting pressure and jet nozzle)
Compr. air connection	Safety rapid release coupling, 1/2 inch
Compr. air requirements	Clean, oil-free, dry (pressure dew point <10°C)
Volume	60 - 90 dB (A) (depending on the nozzle and surface of the object being blasted)
Basic equipment	3m hose package, blasting gun, round jet nozzle, pressure gauge incl. water filter, 7m compressed air hose, ice shovel, user manual
